Mclean, VA 22102

Facilitator: Art Medici

Managing Partner, 9th Degree Advisors

Event Fee: Complimentary

Dear Friends and Colleagues

We appreciate our relationship with you, and are constantly searching for additional ways to add value. We strive to be a resource upon which you can rely to assist you with any challenges, large or small, that you may face in running your company. As part of that effort, we invite you to participate in a CEO Roundtable at Capital One Headquarters Building, 1680 Capital One Drive, Mclean VA 22102 on 7/26/2011.

Attendance is limited to a small group of CEOs, selected from companies comparable to yours in terms of size and stage of development, and non-competitive in industry.

This is an interactive session. There is no lecture topic and no sales pitch. It is a facilitated discussion among company leaders regarding significant pressing business issues facing them. The value that each CEO receives is derived from the quality of the discussion, which depends on each individual's participation.

We ask that you arrive ready to discuss issues important to you and your company. Anything affecting your business is an appropriate topic, such as marketing, personnel, financial, competition, environment, or succession issues. The group is kept small so that everyone has an opportunity to share their situation and each topic is explored fully. The discussions are all confidential and off the record.

Our intention is that you leave this session with some real ideas, techniques, and solutions that you can apply immediately to your critical concerns. Your peers who are managing companies similar to yours have a perspective unavailable anywhere else, and can speak to your challenges from personal experience.

The Roundtable will take place in Capital One's conference room on 7/26/2011 beginning at 7.45am and lasting until approximately 9.30am. You will also have some opportunity for informal discussion with the other participants in the session.

The Roundtable will be moderated by Art Medici, Managing Partner of 9th Degree Advisors and Chairman of CEO Junction. Art has years of extensive experience running small companies as well as advising CEOs on a multiple of issues related to operations, administration and sales/growth strategies. He currently provides CEO advisory services and management consulting services to a wide variety of companies.

We need an accurate count to manage the size of the group. Please let us know by 7/22/2011 if you will be able to attend. We sincerely hope you will take advantage of this opportunity.

We look forward to having you join us.
